July - September

July

Key ideas: Grace & Empathy

Posts should focus on the need to extend grace and empathy to others and oneself, and allowing oneself the ability to ask questions without making judgments. (Ex. I am feeling this way; what is happening that is making me feel like this?)

August

Key ideas: The Inner Child (for Women)

Posts should focus on “addiction” and women. This is not just a man’s issue. It is an emotional/mental wellness issue that impacts anyone.

September

Key ideas: Half Truths

Posts should focus on unhealthy teachings/ideas/curriculums that may contain some truth but lack context or only focus on the “what” and fail to explain the “why.” These can apply to addiction, mental wellness, or marriage/sexual matters.
